HUMANITY'S LAST STAND

The Challenge of Artificial Intelligence- A Spiritual-Scientific Response
by **Nicanor Perlas**

Now available in our library, this book is a synthesis of dozens of lectures given around the world, in the last three years, until this publication in 2018.

Essential questions and challenges, addressed :

- What image of the human being stands behind Artificial Intelligence (AI)?
- How do we understand consciousness and human freedom?
- The illusion and dangers of transhumanism and “perfecting humanity” vs. what it means to be truly human.
- Answering the four grand temptations of AI; Super Health, Super Intelligence, Super Strength and Immortality.

References to sources from diverse quarters on:

- The latest technological advances – for good or ill use by humanity at large
- The benefits, impacts and consequences of Artificial Intelligence (AI) /Artificial General Intelligence (AGI) /Artificial Super Intelligence (ASI)
- Popular literature from authors such as R.Dawkins “The Selfish Gene”, Y. Harrari’s “Homo Deus”, and R.Kurzweil, “The Singularity is Near.”
- New understandings of Science, worldwide corroborating Spiritual Science in fields of Quantum Physics, Astrophysics, Neuroscience, and Epigenetic Biology.
- Resources referenced from Anthroposophical literature, such as R.Steiner’s “Philosophy of Freedom” and P.Heusser’s “ Anthroposophy and Science”humanity, but also for the gods, or hierarchies.
