AND THE EARTH BECOMES A SUN

The Mystery of the Resurrection by **Sergei O. Prokofieff**

Through the transformation of the entire substance of the physical body by Christ, the seed for the future spiritualisation of the Earth was planted; and with the restoration of the phantom, the ego of the human being finds its redemption. In the appearance of the young man at the tomb (Mark 16:5) there is a testimony of the cosmic process in which the Earth will gradually be transformed into a new Sun. And in Christ's union with the aura of the Earth during the time of the obscuring of the Sun on the hill of Golgotha the foundation was laid for human beings to be able thereafter to find Him in Earth existence. Finally, by Christ going through death, something meaningful was given to the world, not only for humanity, but also for the gods, or hierarchies.

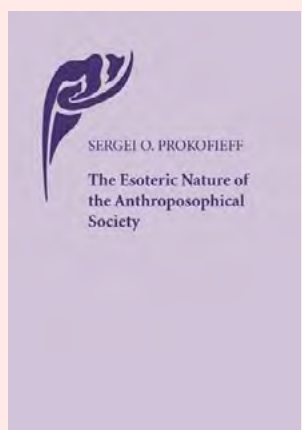

THE MICHAEL MYSTERY

A Spiritual-Scientific view of the Michael-Imagination and its representation in Eurythmy by **Sergei O. Prokofieff**

“ Michael wishes in future times to take his seat in the hearts, in the souls of earthly human beings, and this is to begin in the present age. It is about a guidance of Christendom into more profound truths, inasmuch as Christ is meant to find more understanding among human beings; to live His way into humanity as a Sun-being through that Sun-spirit- Michael – who has always ruled over the intelligence, and who now can no longer administer it in the cosmos, but in future wishes to administer it through the hearts of human beings!”

THE ESOTERIC NATURE OF THE ANTHROPOSOPHICAL SOCIETY

by **Sergei O. Prokofieff**

‘To unite the greatest conceivable openness with genuine true esotericism’.

This is the challenge which Rudolf Steiner placed before the members of the Anthroposophical Society during the Christmas Conference of 1923-1924. This book attempts to answer the question as to what the unique nature of this esotericism consists in, and how it can be brought concretely to realisation.
